

Dear Friend of The Micronutrient Initiative,

I am pleased to announce the appointment of Evelyne Guindon at The Micronutrient Initiative as Director, Resource Development and Partnerships.

Ms Guindon took up her position with MI on April 2<sup>nd</sup> bringing an extensive background in international development and resource mobilisation . She has held positions with UNICEF, USAID, IUCN and Planned Parenthood. Most recently, she served as Executive Director of UNICEF Quebec. Originally from Montreal, Ms Guindon lived and worked for six years in Southern Africa in both the health and environment sectors. She is a graduate of Ottawa's Carleton University.

In her role as Director, Resource Development and Partnerships, Ms Guindon is responsible for developing partnerships and mobilizing revenue from both private and public sectors in order to further MI's global efforts.

Evelyne Guindon will work out of MI's office in Ottawa, Canada. She can be reached at +1 613-782-6830 or [eguindon@micronutrient.org](mailto:eguindon@micronutrient.org).

Sincerely,

M.G. Venkatesh Mannar, President  
The Micronutrient Initiative
